GET FACTS STRAIGHT

The gambling initiative (Proposition 6) that will be voted on in November will be identified on the ballot by the title, "Legalizing and Licensing Gambling." But in the text of the proposed amendment itself it is titled, "Pension and Welfare Funding Act."

The latter title is misleading. The proposal does provide that the State's 'cut' from gambling receipts shall be devoted to paying old-age and blind pensions. But such philanthropy is not the primary motive nor the ultimate end of the act. The main purpose is to legalize ALL FORMS of gambling throughout California, thus inviting racketeers, vice and crime in all their sundry forms to come to a "wide-open" state. Thus, in the name of charity to the needy and handicapped, the whole state would be debauched.

Because some misguided and uninformed voters might be inclined to vote for this measure on mistaken assumptions, we wish to set them straight on certain facts.

The State already is paying pensions to the aged and the blind.

The amounts of those pensions would not be changed by one penny under this initiative.

The state will continue to pay both groups of pensioners regardless of whether this initiative is defeated or adopted.

If the gambling revenues are insufficient to meet the pension claims, the initiative provides that such deficits shall be paid out of the general fund in the state treasury.

Neither is there any prospect that other expenses of the state would be lowered because of the legalizing of all forms of gambling with division of proceeds between gaming house operators and the state. At the outset, so the initiative provides, 6,000,000 would be withdrawn from the state treasury to get the commission's operations started.

There also is the certainty that with gambling games rampant under the proposed regime, the policing expenses would increase by millions of dollars of which not one cent would be paid from the gambling revenues. All police costs would fall upon local taxpayers.

P. A. GLEE CLUB OF BRISBANE

A P. T. A. Glee Club serves a fourfold purpose. It increases attendance at meetings, provides entertainment, encourages friendliness amongst members, and is a means for raising funds. This is what the Brisbane PTA has discovered since the formation of its unit's glee club.

Members of the chorus have been making tentative plans for a minstrel in the fall and for several months they, together with the cast, have been in rehearsal weekly at the Brisbane Elementary School auditorium. Songs the glee club have rehearsed include "The Lord's Prayer" and "Kentucky Babe."

Frank King, unit music chairman, serves as director. Mr. King is well qualified, having been a professional for 12 years on the Orpheum circuit. Acting as pianist is his co-chairman, Mrs. Louis Duncan.

Members of the PTA glee club are Mesdames P. Apple, F. Bell, L. Berrios, F. Gonnella, A. McCauley, F. Pistohl, T. Prease, U. Ruta, V. Salmon, E. Sapp, G. Spencer, and D. Wison; Miss A. Pistohl, and Messrs. B. Baldwin, F. Chapman, S. Clancy, L. Duncan, A. Grabovsky, A. Kennedy, B. Miles, M. Moore, W. Reece, C. Stewart and E. Wells.

HOME TOWN FOLKS

Brisbane has lost quite a few local citizens to other parts of the country this past month. We will all miss them and hope to see them return someday.

The Frank W. Record family of San Bruno Avenue, are now residing in Klamath Falls.

On Klamath Street, in Brisbane, the Don Williams family has moved to Oakland.

Don Hunter, recent graduate of Jefferson High School and Post Office employee, joins the Marine Corps in San Diego this month. Also, leaving the service of the Government in one branch and working in the war side, is John J. Clancy.

Others we've lost this month are Bill and Chuck Mayes, Nick Guice and Ben Miles.

Probably the list is not complete. However, God speed them and keep them, till they return.

The sick list was extensive for this month - so here is our usual wish for a fast pick-up on the road to good health to: Katherine Babbirk of San Benito Road - the cafeira at school will miss her for a while.

Mrs. Lester C. Dawe also of San Benito Road; Bobby Anderson, who has been ill some time and Baby Chapman, under surgical care, too.

Jimmy Hickman, son of Mr. and Mrs. Roy Hickman, of Mariposa street, was one of the survivors of the hospital ship Benevolence, that was rammed and sunk this month. Jimmy was able to aid two of his fellow seamen by calling them to the bit of wreckage he was clinging to.

Spending 2 weeks looking for something besides "color" or Fly speck gold and working the Happy Leatherneck Mine, at Railroad Flats, Calif., comprised the pleasant vacation of Mr. Morst, Wilma Schults of Solano street and Mr. and Mrs. Richard Flassett, of Mendocino street.

Recent visitors at 262 Kings Road, were Tommy and his mother, Mrs. Gordon Ambrose of Phoenix, Arizona. They were former residents of 84 Margaret Rd. According to Tommy the climate is nice in Phoenix but, there aren't any trees or boys to wrestle with or hills to climb.

Spending the remainder of the summer with her daughter and son-in-law, Mr. and Mrs. J. Stern, of Mendocino street, is Mrs. S. W. Girton, of Iowa. She returned with them after they had visited her in that State during their vacation.

Dan Case, former Police chief of Brisbane has been granted a thirty-day extension before leaving for the Service. Maybe the government just doesn't realize how badly we need Dan on our own home front or we could have him for keeps.

Mrs. Jean Sand, 73 years old, of Melberne, Long Island, N. Y., was a recent guest at the home of Mr. and Mrs. Fred Morst, of Sierra Point Road, while on her return trip home after an 8 weeks visit to California.

Kay Barnes is now the proud possessor of a baby brother born

Former residents of Brisbane, Mr. and Mrs. Charles Moore, of Seattle, visited the Dick Hoskings while on vacation. The Moores lost their home on Humboldt Rd. three years ago, when it burned to the ground.

The new owners of the Brisbane Cab Co., are Arnold and Tommy Phillips. Welcome to Brisbane, boys, and that 24 hour service is really good.

BRISBANE WATER SUIT IS FILED

The Brisbane County Water District late yesterday filed suit to condemn the lower half of the community's water system, which it is seeking to purchase from the Visitation City Water Co.

The water district last year passed a \$175,000 bond issue for the acquisition and improvement of the community's water system.

An agreement has been negotiated with the Brisbane Water Co. for the purchase of the town's upper system, but similar negotiations with the Visitation City Water Co. have bogged down, resulting in the condemnation suit being filed in superior court at Redwood City.

WEDDING BELLS

Rev. Dr. Rogers officiated at the wedding ceremony, uniting Miss Laura Lee Ross and Mr. Richard Wakelee in marriage, at the Presbyterian Church, at Nineteenth and Eucalyptus Ave., in San Francisco, at 4 p. m., on August 19th.

The bride was more than beautiful in a long white wedding gown and finger tip veil. She carried a corsage of white bovardia and orchids.

Matron of honor was the bride's sister Mrs. Allan Riggler. Miss Shirley Babbirk and Dorothy Probst were bridesmaids, wearing pastel brocaded organdy dresses with contrasting flower bouquets.

Mr. Gilbert Barrows acted as best man with Robert Crowe and Robert Carlasco ushering.

A reception and supper followed

the wedding, at the Ross home on Ross Way.

Nearly two hundred guests were present to congratulate the newlyweds, who plan to make their home in Brisbane.

Among the many guests were four of the bride's aunts and uncles, who arrived for the wedding from out of town, they were: Mr. and Mrs. R. D. Andersen and family, of Santa Maria; Mr. and Mrs. Bert Higginbotham, Mr. and Mrs. Joseph Townsend and Mr. and Mrs. Troy M. Carter, all of San Joaquin Valley.

Laura Lee is the third daughter of Mr. and Mrs. C. W. Ross, long time residents of Brisbane. She is a graduate of Jefferson High School - 1949. Dick Wakelee is the oldest son of the Clyde J. Wakelees, and is also a graduate of Jefferson High.

School has started again and the only way to realize the vacation has been three months long, is to look back at the good times and trips and picnics the long summer days contained.

The pattern of feeding a family changes again to fit the problems of lunches and heartier meals. To some of us that is a big problem. In fact, to the majority of us it is the problem.

Which brings to mind, the peculiar fact that, Child Welfare as conducted by the united efforts of so many, many organizations in this country, carefully by-pass the true basic principal of child care. The Red Cross pursues the T. B. bug relentlessly, yet does nothing to bring down the cost of milk, so that the daily minimum requirements to prevent T. B., can be bought without letting the feet go bare.

The P. T. A. stresses health and that, to further child well-being, yet never once dares to probe the high cost of basic foods to promote proper feeding.

Right down the line with every civic group deeming to aid the children, it pictures the same. Plenty of free movies, coca-colas and balloons but, leave untouched the truly basic principle of childhood, which is good food and enough, because it might annoy the unions, the stock manipulator or the planned economies of the Farmer's block.

Well, a good recipe for soup is

handy, nourishing and with French bread, salad or dessert is very filling.

BEAN SOUP, MEXICAN STYLE

School Superintendent's Message: "A new school year is opening. Children of kindergarten and first grade ages are starting a new adventure in their lives. Through understanding and cooperation between the home and the school, this new adventure can be the most glorious time of any child's life. Understanding of the child's daily classroom work in school by the parents can make for a most successful first year. We therefore urge every parent to become acquainted with the teacher of your child. We urge frequent visits to the school to become acquainted with the classroom work and the administration. Regular attendance, providing the student is not ill, is one of the most important factors for successful learning. It is not fair to any child that he be allowed to develop the habit of irregular attendance. The Brisbane School has always stressed learning of the fundamentals -- the much discussed "3 R's".

For example, the State of California requires that a minimum of fifty percent of the school day be devoted to reading, writing, arithmetic, language, spelling, and civics. In the Brisbane School at least 80% of the minimum school day is devoted to these subjects. The philosophy, too, of the School Administration has been to enrich the program with extra curricula activities, such as Student Body Assemblies, Band instruction, Glee Club instruction, Crafts, Art and Sports. This has been possible because throughout all the grades, the Brisbane School runs approximately one to one and a half hours over the minimum day required by the State of California. Brisbane is one of four School Districts in San Mateo County that will be able to maintain a school program without running half day sessions.

We are in this position of having adequate facilities, equipment, and supplies due to the foresight and planning of those you have elected to serve you as School Trustees. As Superintendent of our school, I am anxious at all times to confer with any parents who wish to discuss their child's needs or progress, or any other phase of the work of the school. You are cordially invited to phone the school for an appointment which will be made at your convenience.

May I take this opportunity to again thank the parents and residents of Brisbane for their overwhelming vote of confidence in their school board and superintendent. This was made evident when you voted to have your School District take over the management of the Recreation Department, although it did mean an increase in your tax-rate. May I assure you again our aim is to conduct the Recreation Program the way the residents of Brisbane wish. We will welcome any suggestions you may have to contribute."

Very truly yours, NATALIE M. LIPMAN, District Superintendent.

Out Of The Past . . . September 30, 1932: Mrs. Charles Whatford began serving hot lunches to school children in her home, with no plate to cost more than five cents. . . . September 24, 1936: The first Brisbane P. T. A. meeting was held in the newly constructed Brisbane Elementary School. Mrs. Ethel Jonas, president.

NOTICES: At the first Fall meeting of the Brisbane P. T. A. on September 28th at 8 p. m. at the school auditorium, the Brisbane P. T. A. Glee Club will make their first public appearance. Also on hand will be Miss Natalie Lipman as speaker for the evening. So why not start out right this term and attend the first meeting? We'll expect you!

September 26th will be the date for the Executive Board meeting to be held at the school at 10 a. m.

NATIONAL ARTS DANCING ACADEMY ASS'N MEET

During a recent convention and study meet, held at the Masonic College in Hollywood, Calif., by the National Arts Dancing Academy Association, Scott Hickman and Bunfy (Carol) Firth received their Dancing Masters' Certificate.

They attended classes where the instructors were nationally famous dancers and routine Inter-

preters.

After the course of instructions were over, Scottie and Bunny sidetripped to Catalina Island for a day's relaxation and sightseeing.

Scottie will now assist Bunny as instructor in dance routines at any of her various studios when time and school activities allow it.

Bunny has studios in Bayshore, Daly City, Bayview and Brisbane. She is widely known for her fine instruction in the modern dance field.

A "trigger quick" burglar, Monday, August 21, shot at Police Chief Dan Case who came upon him as he was about to pry open the door of the Dandy Market here.

The gunman then outdistanced Case in an automobile chase at high speed on Bayshore Highway.

A crowbar, left at the door of the market, may disclose fingerprints, Case said today.

The officer was patrolling in his car when he noticed the man in the doorway of the market. He turned his spotlight on the man and stepped out of the police car. As he reached the pavement a bullet went through the police car windshield. The man then leaped into a cream-colored Cadillac convertible and headed south on Bayshore, outdistancing the police car at a 100-mile speed.

Wee Babette had been sleeping in a room with a night light, but her parents decided she must learn to sleep in the dark.

"Do I have to sleep in the dark?" she asked when her mother turned off the light for the first time.

"Yes, Babs," replied mother, "You are a big girl now."

SCHOOL SCRIPT

Going to school can not only be a wonderful experience for your child but for you as well. This year—go to school yourself. Go to school and meet his teacher, become acquainted with his curriculum, go to the office and introduce yourself to the principal and the superintendent.

Go to school on Fridays and view the students' interesting assembly program. Yes, and go to school at Open House, too, and see what your child and other children have been learning.

When your child brings home his work and proudly displays it, study it closely. You'll find yourself remembering a good many things you'd practically forgotten and learning lots more.

Go to school when any problem concerning school presents itself. Talk it over with the teacher or the principal or the superintendent. You'll probably come away with your problem solved. You'll at least come away knowing that the ones you have consulted are eager to help and cooperate.

Go to school and take part in the P. T. A. meetings. Listen to the educational speakers presented. Join the various study groups. Help on committees. You'll find many friends with the same interests in school and children as you have.

Yes, going to school can be a wonderful experience for your child. And for you, too!

AGENCY FOR CIVILIAN DEFENSE

Sheriff James J. McGrath, co-ordinator of law enforcement agencies for civilian defense in San Mateo County, today announced the appointment of Deputy Sheriff Frank B. Marlowe as his director of civilian defence. Marlowe will be withdrawn from other duties, and devote his full time with the sheriff in working out an immediate program for civilian defense in the county.

Blueprint of the program already has been drawn, Sheriff McGrath declared, and he will ask the board of supervisors to provide the necessary funds for putting it into operation.

"The state and federal governments are working out comprehensive programs for civilian defense," McGrath said, "but I do not think it advisable to wait. We may have an emergency at any time. We will set up an organization of our own that will fit right into the state and federal programs when they become available. We have drafted a temporary plan to use our own force, and to have available an auxiliary force of at least 100 men, who must be equipped and trained as quickly as possible. A similar program is being worked out by every chief of police in the county, who will co-ordinate his program with ours. This should provide an adequate degree of safety and security, until the state and nation have completed the general over-all picture.

The Sheriff said Marlowe is well qualified for his civilian defense assignment, having taken special courses at the University of Indiana, and being a graduate of the Federal Bureau of Investigation National Academy in Washington, D. C., Marlowe has been actively engaged in law enforcement work for 15 years, the sheriff added. He is a resident of Redwood City.

Marlowe declared at present he is engaged in the preparation of an outline for civilian defense for the cities of the county, and would submit it to the various chiefs of police this week. When each city has completed its part, all will be coordinated into a county-wide program by Sheriff McGrath as county co-ordinator, he explained.
